The Sign of Quality. The Sign of Satisfaction
A Large Apple; Quality Absolutely Unique and Incomparable, Sweet, Slightly Touched with Acid, with a Most Delightful Aroma. Flesh is Fine Grained, Juicy and Melting; in short, it is Perfectly Delicious and Can be Compared to No Other Apple.

As a Money-Making Proposition it is Tremendous Success, and as an Apple for Both the Commercial Planter and the Amateur Gardener. It is a High-Bearing Apple for Suckers or Rail; a Strong, Vigorous Grower, Aphis-Resistant and Hardy. A Late Bloomer, with Blooms Strongly Frost-Resistant. An Apple of Wonderful Adaptability. Wherever Apples Grow it Flourishes, and it Thrives Where Many Other Good Varieties Fail.
This Splendid Apple is Good all the Time

You can begin to use small apples the last of August and it will keep till December. Splendid bearer, and extremely hardy in tree and bud and is Guaranteed to Please you in Every Way.

Do Not Fail to Include This In Your List.
It is quality fruit all the time.

Photo of "MONEY MAKER," 10 Years Old.

FINE KEEPER | A busy day for the boy. From this tree were picked Five Barrels of Good Apples. Note pile--Two Barrels--in bottom right hand corner.

GLOSSY RED

This variety certainly deserves strong recognition by all planters, being a vigorous grower, hardy and regular bearer, producing fruit of high color, fine quality and splendid keeper. All who have seen it recognize that it is far ahead of the average NEW Apples that have been introduced, for in it they have all that goes to make up a HIGH CLASS APPLE.

IT Sells for $1.50 per barrel when Ben Davis only brings $2.50, and bears just as many barrels as Ben Davis does.
Trees are grown to bear the best fruit known. Always Please, especially in the final test of fruiting. All trees are Propagated from Bearing Trees. "Like Begets Like." By breeding or propagating from trees Bearing High Class Fruit we are sure to get that kind.

Blue Ribbon Apples
You Will Always Have Fruit if You Plant Blue Ribbon Trees

The Six Kings

America
Is the apple for all to plant. Will please any one. Bears annual crops of BIG RED APPLES with rich flesh and spicy flavor, almost sweet. Great preserving apple; many call it a sweet apple. Full of cider and good cider.

Democrat
This apple is as good as the best and bears good crops of delightful apples. Rich in color, quality the best, and has a flavor peculiar to itself. It is a pleasure to grow such apples.

Black Beauty
Has produced more good apples from the seed than any other apple, and bears good crops of glossy black red apples. First prize at Paris, for single sort, over 100 entries.

Republican
One of the best yellow apples of all. Good keeper and great bearer. Peculiar aromatic flavor, and it is fit to set before a king. Should be in every yard and planted largely.

Six Belles ARE THE QUEENS

These Six are Favorites in Every State They Make Friends

Belle of Bloomfield

Belle of Georgia
July 12 to 25. Snowy white, free; bright red blush. This is fine. Perfectly hardy.

Belle of Pike
August 1 to 10. All that can be said of it is that it is the best in the world for its season. Free; white with red cheeks. Good as gold.

Belle of Nelson
August 10 to 25. A free of the richest quality, and retains it after canning. Has to be quartered to go in a Mason jar. None better.

Liberty Belle
September 1 to 15. Yellow cling. It will not disappoint you. Hardy as an oak and extra good.

Belle of Kentucky
October 5 to 25. Snowy white cling. Juicy, rich, and for canning it is best, retaining all after canning. Finest of late peaches.

Testimonials
L. Minter, of Brooks, Ky., writes: "The nursery stock and chickens I got from you are the finest I ever saw. All my neighbors said they never saw anything better."
F. R. Hayden, Bardstown, Ky., writes: "I have been getting stock from you for several years and think there cannot be anything better than yours."

GOLDEN JUNE

2 Yr. 75c. 1 Yr. 50c. Each

(or June Coreless) as it is called by some around place of origin, on Mr. Joe Houghlin's farm near Bloomfield, Ky. The tree now is 70 years old, thrifty and healthy; not a sign of blight and never had a touch of it. Bears annual crops, and gone by July 10. Begins to ripen about June 20. Mr. Scott Snider, an extensive and successful farmer and fruit grower, says: "It is the finest and most delicious pear I ever saw." Has very small core and often but one or two seeds.

JEWEL

XXX 60c. XX 50c. X 40c.

Another grand pear. Originated on Capt. Bankhead's farm, near Edgewood, Mo., and has borne 50 consecutive crops and never blighted. It bears inspection and has no equal for its season, September. For canning it has no equal and is fine to eat out of hand. Can be had from no other nursery. See that you get these from me or my salesmen.

Sold by No One Else

FRETWELL'S PROLIFIC

X 40c. XX 50c. XXX 60c.

Originated on Mr. Jack Fretwell's farm near Williamstown, Mo. Had 20 consecutive crops. Has produced over 50 bushels of fine pears in last 4 years. Fruit sold on tree at $2 per bushel and were eagerly sought for. A neighbor of Mr. Fretwell's told me he would "pay $5 each for some trees like Fretwell's," and I began to propagate them, and he now has some in bearing that cost him $1 each as yearling; he says he would not take $5 each for them. Have never been able to supply the demand for these 4 pears, as all budding stock is taken from bearing trees.

"WOODMAN" PLUM -- True to Nature.

The Plum for all to plant. Hardy, stands the severe winters and no damage. As nearly Curculio proof as can be produced. Popular as the order for which it was named. For its season NOTHING can compare with it. For richness, sweetness, heavy crops, hardiness of bud—I unhesitatingly say it stands without a rival of same season.

"ESTELLA"

XXX 60c; XX 50c; X 40c.

A native seedling; pollenized and introduced by Will S. Hall and for sale ONLY by him and his salesmen. No better plum ever grew and it will please you. Rich red on yellow ground and sweet to seed, and full of juice. "It's a thing of beauty and a joy forever." Ripe a little ahead of the "Woodman".

Mammoth Yellow Heath

**A cross between the Great Elberta and Mammoth Heath.** Has a record of twelve years. Large, yellow freestone; a splendid peach; a true seedling of the highest quality.

M. T. Graves, Hannibal, Mo., says: "Has borne for me when all others I had were a total failure". Season last of August.

**The BIG FOUR PEACHES can be had ONLY AT THE SUNNY SLOPE NURSERY. Beware of swindlers who are offering them.**

**J. E. Spider, Taylorville, Ky., writes: "The peach trees delivered to H. McClasky pleased him very much. He said they were the finest he ever saw. Enclosed check for full amount of delivery."**

**JOHANNA—Three Years From Seed**

**The Johanna Keeps on Bearing**

A fine crop in 1911. The awful cold of the winter of 1912 did not injure the trees. Such hardy sorts as Carman and others were killed. January 1913 trees show 100 per cent live buds.

**TESTIMONIAL**

"I have some of your Hardy Peaches set 2 years ago. In looking over my trees to My Surprise I find your trees full of live buds. Trees from other Nurseries buds all dead. Will order another lot soon."—Conrad Burkhart, Burkhart, Ohio., Feb'y, 1912.

WILL S. HALL.
G. W. Thomas of Bloomfield, Ky., Writes:

"The BELLE OF NELSON is certainly the FINEST peach I ever saw. Has to be quartered to go in a Mason jar. Bears for me when all others fail. Everybody who sees them say they never saw such peaches, I sell them for twice as much as I can get for other kinds of the same season." This letter from Mr. Thomas tells its own story. Any one doubting it can write him, or any others whose names are given, enclosing 2c stamp for reply.

Each, XXX 35c. XX 30c. X 25c. 10 XXX $3.00. 10 XX $2.50. 10 X $2.00.

S. C. TILBE, Hannibal, Mo., Says: "The BLOOMFIELD is the finest of all. Sold mine for $4 per bushel; other kinds, same season, hard to sell at $1.25 to $1.50 per bushel. Wish I had taken your advice and set 100 instead of ten, as my trees, set three years, netted me $8 per tree." Bore in 1905 after 32 below zero, Feb. 13, and 6 below freezing while in bloom. No Finer Early Peach than this one.

FIGURE IT OUT! DOES IT PAY TO SET THE BEST?
“I have at last found a peach that I am not only willing but proud should bear my name. Its astounding size, flavor, hardiness and amazing yield in every peach soil and climate, after eight years of fruiting and developing, lead me to stake my lifelong reputation that it is the greatest and best peach the world has ever known.

The Peach King of the World, J. H. Hale

Orders are coming in by every mail from orchardists who have learned about Mr. Hale’s latest wonder Early planters will skim the cream of the markets for the next ten years with this money-maker. They know what happened to lucky growers who planted the Delicious Apple first. The “J. H. Hale” peach is an even greater profit-producer.
